Mount Pleasant Acres

ABOUT

Mount Pleasant Acres is owned by Jacob and Nancy Stolfus (and their 6 kids!) who are members of the Amish community. Jacob and Nancy farmed for many years in Pennsylvania until deciding to pick up and move to Bath County, KY to join Jacob's brother. They are now on their second year growing in KY, farming on 9 acres of land with plans to expand.

When Mount Pleasant Acres was receiving their GAP inspection, the auditor joked that their packing facility was so clean he would eat off the floor!
