Prayer Mountain Mushrooms

ABOUT

Owned and operated by Andrew and Heather Barnes, Prayer Mountain Mushrooms are certainly not your typical farmers. Before their mushroom journey began, Heather was a professional firefighter and Andrew served in the Navy's Special Forces. They are now settled in Upton, Kentucky and are honored and proud to serve once again by producing healthy, delicious, ethically produced and locally grown gourmet mushrooms for our community. Prayer Mountain Mushrooms is the only USDA GAP certified mushroom farm in the state of Kentucky.

Prayer Mountain Mushrooms is also a member of Homegrown by Heroes, the official farmer veteran branding program of America.
