ABOUT

Wiers Farm is owned by the Wiers family. The farm began in 1896 when Henry Wiers purchased just five acres of land. Today, Wiers Farm is operated by the fifth generation of Wiers and is over 3000 acres.

Their family farm is currently run by 9 family members and they now own their very own trucking fleet. This family farm is committed to providing only the freshest produce while never compromising food safety or social responsibility.
