

# Local Food Connection Proud Partner Grandola Granola

## ABOUT

In 2012, Grandola Granola began with granola for founder Jamie Coates-Donohue's daughter Ella as a clustered and quick healthful snack. From goodie bags at Ella's 2nd birthday and making batches for friends and family, Grandola Granola quickly grew into a local treat available to all. Using organic ingredients along with locally sourced maple syrup and extracts is what gives it such unique flavor and quality. Grandola is gourmet and clustertastic. It's made by hand, cured, nut free, vegan and available in gluten free.

## LOCATION
