## HIGHLIGHTS FOR THE WEEK

### JOHN'S CRYSTAL BALL

*our local produce purchaser predicts what's next*

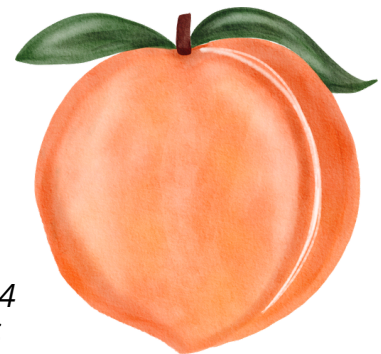

I've been back out in the field the past few weeks, meeting with our local farms, partners, and chefs like you who care about getting the freshest product from sources with a story.

Here's the outlook from the ground:

- We're taking a look at **GA/SC peach** quality and should have the first of them available this week.
- **Florida tomato** volume is picking up.
- **Georgia blueberries** and strawberries are in season.
- **Florida watermelons** are in full swing.
- We're a month into the **Vidalia onion** season.

Find some top fresh picks below and check out:

- more **seasonal specialties** from smaller farms - p. 2
- **commodities** currently **filled from local sources** - pp. 3-4
- local **sprouts, microgreens, and edible flowers** - pp. 5-6
